

DMW CNC CENTRE

Coding Your Future

Gear up manufacturing with smart skills and sharp solutions!

DMW CNC CENTRE

Coding Your Future

ABOUT US

- Over two decades of **experience in technical training and job placement** in Tamil Nadu.
- Training centers in **Erode, Hosur, and Chennai** with advanced machines and labs.
- Trained and placed **42,000+ candidates** in various industries.
- Recognized as a Centre of Excellence for CNC Operator, Programmer, and Quality Control training.
- **25+ experienced trainers** focused on practical skills.

OUR VISION

To be a leading provider of industry-aligned training solutions that empower individuals to innovate, lead, and succeed in the evolving global workplace.

OUR MISSION

To bridge the skills gap between education and employment through hands-on, practical training that ensures students are job-ready and industries achieve operational excellence.

DMW GROUP OF COMPANIES

The DMW Group has steadily evolved over three decades, diversifying into core industrial sectors:

- **DMW CNC Solutions India Pvt Ltd (1991)** - Precision CNC machining experts — serving industries from agriculture to aerospace.
- **DMW CNC Centre (2004)** - A Center of Excellence that builds industry-aligned skills for the future workforce.
- **DMW Infrastructures India Private Limited (2008)** - A trusted name in civil construction, delivering excellence in infrastructure development.
- **DMW Agro India Private Limited (2014)** - Crafting the backbone of modern farming — from machines to every moving part.
- **DMW Universal Industries (2017)** - A leading provider of high-quality aluminium die casting solutions.
- **DMW Electric India Private Limited (2019)** - Specialized in the manufacturing of electric and induction motors.
- **Amex Alloys Private Limited (2024)** - A manufacturer and supplier of premium castings, specializing in carbon steel, alloy steel, stainless steel, and duplex stainless steel.

OUR APPROACH

We believe that impactful training must be:

1. **Need-Based** – Understanding specific industry requirements and skill gaps.
2. **Custom-Tailored** – Designing practical modules aligned with real-time use cases.
3. **Scalable & Flexible** – Delivered via online, in-person, or hybrid modes.
4. **Continuously Improved** – Updated regularly based on learner and industry feedback.

This approach ensures measurable outcomes – better placements, better productivity, and future-ready talent.

COLLABORATING FOR SUCCESS

We actively build ecosystems by partnering with:

- **Educational Institutions:** Engineering, Polytechnic, and ITI Colleges.
- **Industries/OEMs:** Establishing Centres of Excellence, developing training infrastructure, and upskilling talent pools.
- **Job Seekers:** We help job seekers by placing students who are looking for jobs.

Our collaborations are built on shared outcomes – real skills, measurable impact, and long-term industry growth.

EMPOWERED BY LEADING ORGANIZATIONS

OUR VERTICALS

1: Technical Training & Placement:

- CNC/VMC Programming & Operations
- IIoT in CNC Machining
- Robotics & Automation
- PLC Programming
- CAD / CAM / CAE – Siemens NX
- Industrial Quality Control

2: Upskilling & Reskilling for Industries:

- Customized technical programs for employees – CNC programming & operations

3: Technical Workshops:

- Advanced Manufacturing
- Industry 4.0 / 5.0 Awareness
- Six Sigma & Lean Manufacturing
- 5S, TPM, TQM, QC Tools
- Design of Experiments (DoE)
- SPC, SQC, MSA, VSM
- Production Planning & Control (PPC)
- PPAP, APQP
- Kaizen, Kaikaku, Kakushi, Poka Yoke
- Supply Chain, Costing and Project Management

4: Awareness Programs:

- Awareness Programs for Industry and Academy
- We nurture a growth-minded workforce ready to adapt, innovate, and lead in dynamic environments.

LET'S COLLABORATE AND SUCCEED

CONTACT INFORMATION

PHONE: 94422 40696 / 94422 32696

Mail ID: info@dmwcnc.com

5: Industrial Problem Solving:

- **DMW's Solution:** We provide expert-led, project-based problem solving through data analysis, action planning, implementation support, and detailed reporting. •
- **Proven Impact:** Solved productivity issues for M/S Dolmatic Group; supported Rambal, Dong Sung, and Sathya Auto.
- **Future Engagements:** Engaged in PPS discussions with Ashok Leyland Foundries, Phorotech Surfin, and Madras Engineering Industries.
- **Our Promise:** Authentic, actionable solutions that drive real business improvement.

6: HR Solutions & Workforce Supply:

- Comprehensive HR solutions for **white, grey, and blue-collar jobs** across all industry sectors.
